Test Results: The APC-100 contained and destroyed both rounds

.50 CALIBER BMG AP TEST RESULTS

Patented Ballistic Media System Disintegrates The Projectile Upon Impact

- Ballistic Media repositions upon impact to accept multiple rounds - including full-auto
- Muzzle Guide positions and protects muzzle
- Rubber Shield contains fragments

APC-100

SUPPORTING OUR ARMED FORCES
IN
"OPERATION IRAQI FREEDOM" AND "OPERATION ENDURING FREEDOM"

*The APC-100 is in use on U.S. Navy Ships/Submarines
and USAF Bases Worldwide, by the U.S. Marine Corps,
U.S. Army, U.S. Coast Guard & Army/Air National Guard*

GSA CONTRACT NO. GS-07F-0107M

OVER 7000 APC-100s IN USE !

Other Federal agencies, using the APC-100 include the FBI, BATF, Federal Bureau of Prisons, U.S. Dept. of Energy, Federal Law Enforcement Training Center, U.S. Customs, U.S Marshals, U.S. Immigration, CIA, DEA, EPA, IRS, NASA, Dept. of State (U.S. Embassies), U. S. Postal Service, Secret Service, Treasury Dept., VA Medical Centers, National Park Service, U.S. Fish and Wildlife Service, Sandia National Laboratories, Smithsonian Institution, U.S. Government Printing Office, U.S Border Patrol, Federal Reserve Banks, U.S. Capitol Police, U.S. Attorney's Office, U.S. Mint, Federal Protective Service, and The Department of Transportation (TSA-Federal Air Marshals).

Thousands of APC-100s are also in use by local & state Law Enforcement Agencies. The APC-100 has set a new standard in the industry. Nothing else comes even close...whether you consider price or performance.

CONCEPT DEVELOPMENT SUPPORTS GSA "1122 PROGRAM"

Qualified State and local governments are authorized to purchase law enforcement equipment at GSA pricing provided the equipment is used in the performance of counter-drug activities. A listing of participating states and the State Point of Contact can be obtained by accessing www.gsa.gov. Go to "Products", scroll down to and click on "Security & Fire Equipment". On left of page click on "1122 Counterdrug Program", then on "State Points of Contact".

HCS-50 HANDGUN CLEARING SYSTEM

- Handgun Inserts into HCS Insuring Positive Containment
- Contains ALL Handgun Ammunition
- Superior to all Other Units & More Cost Effective
- Portable, Compact Size: 10" long X 7" H X 3.5" Diameter and weighs only 13 lbs. (Desk mounted option does not require permanent mounting)

APC-100 Patented Technology in a Compact Handgun Clearing System

Converts to a Convenient Wall Mount ... Just Bolt to Wall !

Desk Mounted

- *Provides a safe environment for unloading and loading ALL caliber handguns*
- *Use in trunk of squad car to clear and secure confiscated firearms*
- *Use in offices, courts and other facilities*
- *Ideal for officers to use at home*
- *Free replacement ... Lifetime Warranty!*

APC-300

BALLISTIC RIFLE CASE

Provides Safe Transportation For Crime Scene Weapons

Contains all Rifle & Shotgun Discharges, Including Magnums & Armor Piercing Ammo

Firearm securely straps into position

Key operated LED flashes continuously to indicate the case contains a firearm

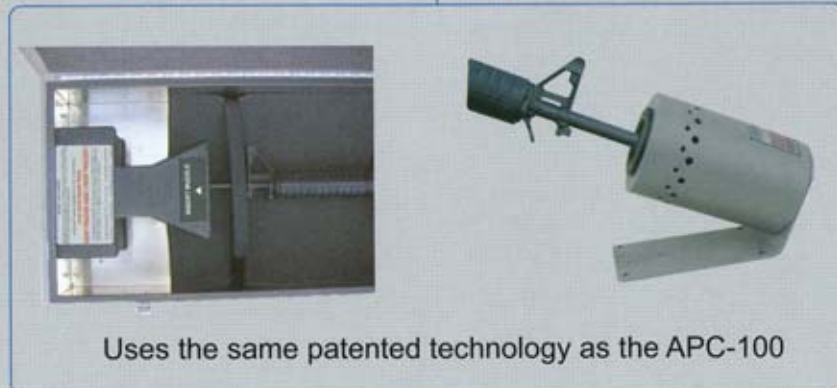

Locking Bar locks all 4 latches

Wheels & Slides for easy loading and handling

Rugged .080 Aluminum Case

Uses the same patented technology as the APC-100

AR15/M16 SAFE-EJECT

- Provides a safe method for clearing firearm
- Safely contains ejected cartridge
- Holds bolt open for easy and positive verification of cleared firearm
- Prevents damage and loss of cartridge
- Prevents negligent discharges by focusing on the clearing procedure.

Cut-Away View

The AR15/M16 SAFE-EJECT replaces the magazine when clearing a chambered round from the firearm. It blocks the ejection port cover from fully opening and directs the cartridge into the SAFE-EJECT cavity. An actuator in the SAFE-EJECT locks the bolt open for easy inspection of the chamber.

SL-100 MAG LASER PROFESSIONAL BORESIGHTER

**Accurately Boresights ALL Rifles, Pistols & Shotguns
Guaranteed More Accurate Than ANY Other Boresighter !**

**Fits ALL Calibers from .22 Cal. to .50 Cal.
Plus 20 Ga. and 12 Ga. Shotguns
No Metal Contacts the Rifling
No Optional Arbors Required !**

Provides superior accuracy for all firearms. Super strength rare earth magnets hold the SL-100 securely in place. Includes rugged carrying case. Unconditional Lifetime Warranty!

More SITELITE Laser Boresighters are in use than any other laser boresighter !

(Over 45,000 units in use by gunsmiths, individuals and the U.S. Military)

Patented

LAW-LOK III ...Uses a Handcuff Key for Instant Access!

Designed Exclusively
for Law Enforcement

- Instant Access
- No Key to Lose
- No Combination to Forget
- No Modification to Firearm

Available for: Beretta, Cougar, Glock, H&K, S&W, SW99, Sig, Rem 870/1100, AR15/M16, MP5

Patented

SAF-T-BLOK

Designed to prevent unintentional discharges and give you "Peace of Mind" when carrying unconventionally... in a fanny pack or tucked in a belt, etc. It snaps easily into place, blocking the trigger but ejects instantly when required.

AWARDED *GUNS & AMMO* "BEST BUY" for 1998 & 1999!

The *SAF-T-BLOK* is almost invisible and can prevent your own gun from being used against you during a gun snatch! (Proven in independent tests to give more time to get to a back-up weapon or escape while the assailant is trying to overcome the *SAF-T-BLOK*)

Concept Development Corporation

Rich Langner
President and Founder of
Concept Development Corporation
(Developed all CDC Products)

His background includes:

- U.S. Army Helicopter Gun Ship Pilot
- Hughes Helicopters, Inc. - Test Pilot
- Hughes Helicopters, Inc. & McDonnell Douglas
Quality Manager of the Apache Helicopter, Chain
Gun, C17 and Commercial Helicopter Programs.

The success of our company is based upon our commitment to provide superior products, economically, and to provide you with outstanding customer service, without exception.

Most of our products are provided directly to the end user. That means you will be dealing directly with me and my staff if you need assistance. I assure you that we will take immediate action to support your needs.

We now have over 7,000 APC-100 Armor Piercing Containment Systems throughout the world and have not had a problem with even one! That's impressive, considering they have taken numerous negligent/accidental discharges. They have saved property damage, injuries and perhaps, a few lives.

We are proud to be of service to Law Enforcement and our Armed Forces. I would, especially, like to thank our men and women serving in Iraq and Afghanistan for their service to our country.

A handwritten signature in black ink that reads 'Rich Langner'.
