

Manufactured by:

NEW

1999-2007 Ford F-Series F250, F350, F450, and F550 Vehicle Specific Console

Value & Convenience

Each console can hold up to 12" of equipment and doesn't interfere with the driver or passenger.

Easy Installation

No vehicle mounting kit is required. No permanent modifications required (some if installing deeper control heads)

Part # C-VS-0309-F250

C-VS-0309-F250 shown with optional mic clip brackets.

- Double wide console (3" control head space driver side / 9" passenger side)
- Lower center dash removal required
- Mounts safely away from driver's leg and does not interfere with 4 wheel drive shifter
- No vehicle mounting kit required.
- Includes filler plates (FP) and/or equipment brackets (EB) to completely enclose mounting area less internal mount options
- Includes two 12 volt sockets
- Includes one extruded aluminum nut track on passenger side for console accessory mounting.
- C-EB30-F50-1P optional face plate available for OEM optional Dash switch's and trailer brake control.
- Some permanent modifications required if deep control heads are used (cutting plastic dash behind console)
- See console appendix for mounting depth allowed for control heads and/or options.

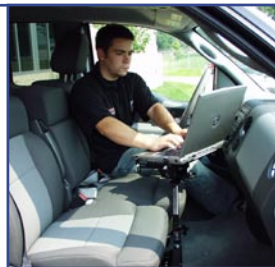

Other Recommended Products for 1999-2007 Ford F-Series Trucks

Cupholder

The C-CUP2-E-C cupholder easily attaches to this VS console with a C-B3 bracket. Cupholder easily pops out for cleaning.

C-CUP2-E-C with C-B3 bracket

Telescoping Computer Base

Secure your laptop to a TCB base. Height adjustable with dual articulating discs allow for perfect adjustment.

C-TCB-24

Enclosed Console

Use your C-TM-EXC Trak-Mount to attach many types of consoles and computer mounts.

For bucket seats only.

C-3011 (shown)

Questar®

Designed specifically for rooftop mounting. Much easier to operate than pillar mounted spotlights. Perfect for right or left hand operation. 300,000 candlepower!

CD-QS-3 or 4 recommended
