

# Havis Ledco Docking Station for General Dynamics GoBook® XR-1 & GD8000

## The ultimate in ruggedized docking

### When rugged counts

Introducing the new Havis® Ledco® Docking Station for the General Dynamics-Itronix GoBook® XR-1 & GD8000 rugged laptop computers. When comfort, safety and quality matter, the DS-GD8 docking station provides the most thoroughly tested solution ever to hit the market. From its low profile form and intelligent sleek design to its productivity enhancing features such as recessed switches to eliminate accidental disconnects and the easy to use lock and release mechanism, the DS-GD8 represents the next generation in port replicated docking stations.

- Positive clamping action reduces vibration and improves uptime
- Easy lockable latch & release mechanism for security and safety
- Recessed LED and controls eliminate accidental disconnects, improving reliability
- Built in cable strain relief makes cable management easy
- Full port replication makes your office applications mobile

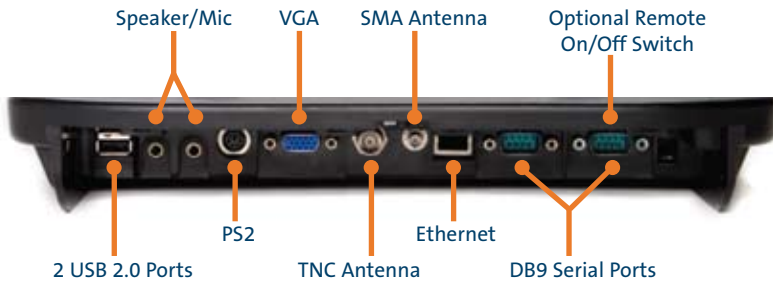

Top: DS-GD8 docking station with GDI XR-1 rugged laptop.

Bottom: Secure barrel lock provides protection against theft.

## The ultimate in ruggedized docking

### Port Replication (Part # DS-GD8)

- Speaker & Mic: Stereo (1 each)
- USB: Fully-Powered USB 2.0 (up to 4)
- Ethernet: RJ45 Ethernet
- PS2
- Serial: DB9 (2)
- Video: VGA D-Sub 15 pin
- Antenna: Dual Hi-Gain (optional)

### Havis Complementary Products

- Screen Support (SS-GD8)
- Auto Shut Off Timer (CG-X)

### Specifications

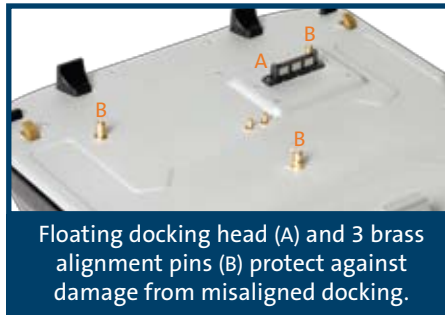

Height: 2.0" (5.1 cm)  
 Width: 11.9" (30.2 cm)  
 Depth: 11.1" (28.2 cm)  
 Weight: 6.5 lbs (2.9 kg)  
 Construction: Aircraft grade aluminum with high strength composite materials

### Certifications

- RoHS
- WEEE
- ESD:IEC 6100-4-2
- Vibration Testing: MIL-STD 810F 514.5
- Environmental Testing: MIL-STD 810F
- 30 MPH Crash Test (SAE J1455)
- Pothole Shock (SAE J1455)
- Operational Vibration (ASTM 4169)
- Cycle Test: Latch tested to 30,000 cycles
- Electro Magnetic Compatibility Compliant
- Noise Filtering: yes
- EMI Shielding: yes
- Input Voltage: 12V DC (nominal)

Additional USB 2.0 ports on the side of the docking station.

Floating docking head (A) and 3 brass alignment pins (B) protect against damage from misaligned docking.

Front LED indicator and control panel makes it easy to see when the dock is powered.

Part #	RJ45	USB	Serial	PS2	Speaker	Mic	VGA	Remote On/Off Switch	RF
