INTRODUCING THE BT-1 FROM STALKER RADAR

Automatic and Touchless Body Temperature Screening Station

Reliable Results for a Healthier Workplace!

\$2995_{CDN}

The BT-1 is an accurate and affordable non-contact body temperature screening device suitable for offices and office buildings, restaurants, stores, meeting venues, and many other spaces where people come in close contact. The user simply needs to align their face and eyes to the scanner, and the BT-1 does the rest.

The unit can be configured as a stand-alone unit, or to utilize advanced features such as connecting to Wi-Fi or building network. This allows the system to automatically send an email to one or more administrators when a high temperature is detected.

With the included printer, a sticker is printed with the user's photo and date printed as evidence of normal temperature.

SIMPLE USER INTERFACE

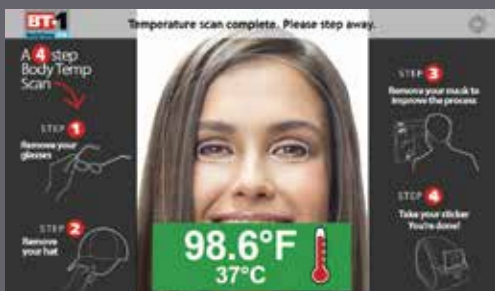

Non-Contact
Easily cleaned and disinfected

+/- 0.5° F Accuracy
With user-definable temperature range

Fast Align and Scan
Quick and easy temperature scan

Technical Specifications

Measurement Accuracy	± 0.5°F ± 0.27°C
Measurement Range	86°F - 113°F 30°C - 45°C
Station Dimensions	12.8" wide x 8" tall x 1.7" deep 325mm x 203mm x 43mm
Power	110 - 220 VAC
Weight	15 lbs. 6.8 kg
Camera Resolution	5 megapixels
Screen Size	8.9" w x 5.1" h 226mm x 129mm
Screen Resolution	1280 x 800
Network	Ethernet / WiFi 802.11 b/g/n
USB	3 USB ports (2) USB 2.0, (1) USB 3.0
Operating Temperature	40°F - 85°F 4.4°C - 30°C
Warranty	1 year
